Welcome to Simplicity and Accuracy The CONTOUR TS Meter balances science and simplicity for ease and accuracy you can depend on. We’re proud to be your partner in helping you manage your diabetes. Unlike many meters, the CONTOUR TS Meter does not require you to enter a numeric code or put in a coding chip; therefore it eliminates coding.

Additional Features section of your user guide. Customizable: The CONTOUR meter allows you to set personal choices for some features. For more information, please see pages 20–27. *Your CONTOUR meter is designed with No Coding™ technology, so the meter codes itself every time you insert a test strip. This means you do not have to worry.

* Not a guarantee of coverage and payment. CONTOUR®NEXT test strips are covered when medically necessary for the patient and prescribed by a physician. Coverage and payment may be subject to co-insurance, deductible, and patient eligibility requirements.

The CONTOUR™ TS Blood Glucose Monitoring System from Bayer Diabetes Care is designed to make testing your blood glucose levels easier. Essential Features for Testing The CONTOUR TS System requires No Coding for ease and reliability. This means that the CONTOUR TS Test Strips automatically code the meter, so you don’t have to. It provides.
